Vera 60 Jute

P1186000

with VAT **399 kr**

Vera Jute radiates a warm and rustic feeling. Traditional jute fabric meets modern design for a contemporary white Christmas. There's a play between old and new, and between texture and material. Just as Santa's sack arouses curiosity in a child's eyes at Christmastime, so Vera attracts the same glances. Who will Vera surprise and shine for this Christmas?
